Service area: Polokwane, Burgersfort and surrounding areas

A growing South African enterprise focused on dependable workmanship, practical solutions and responsive service for residential, commercial and property-maintenance needs.

WHO WE ARE

PT Royal Projects Holdings (Pty) Ltd is a South African registered business operating in the construction and property-maintenance sector. The company is developing its service capacity with a focus on plumbing, drainage, bathroom and kitchen installations, painting and general property maintenance.

We aim to deliver practical, reliable and cost-conscious solutions while building lasting working relationships with homeowners, businesses, contractors, property managers and public-sector clients.

OUR VISION

To grow into a trusted and sustainable service provider in plumbing, construction support and property maintenance across Limpopo and beyond.

OUR MISSION

To provide dependable workmanship and responsive service, complete projects safely and professionally, and develop opportunities for local employment as the business grows.

OUR VALUES

Integrity Honest communication and responsible conduct.	**Quality** Careful workmanship and attention to detail.
Reliability Respect for agreed scopes and timelines.	**Safety** A commitment to safe work practices.
Customer focus Listening to clients and practical needs.	**Growth** Building skills, capacity and local opportunity.

OUR SERVICE COMMITMENT

We work to understand each client’s requirements, clarify the work scope, communicate openly and complete agreed tasks with care. Work is undertaken according to the project scope, site conditions and applicable safety and compliance requirements.

OUR SERVICES

Our current service focus includes the following areas. Specific work is confirmed after assessing the site, requirements, materials and scope.

PLUMBING INSTALLATION & MAINTENANCE

- Plumbing repairs and maintenance
- Installation and replacement of taps, basins, sinks, toilets and showers
- Geyser and water-heater pipework connections, subject to the applicable technical and safety requirements
- Water-supply pipework, fittings, valves and leak-related repairs

DRAINAGE SERVICES

- Drainage installation and repairs
- Drain unblocking and system maintenance
- Wastewater pipework and related connections

BATHROOM & KITCHEN INSTALLATIONS

- Basin, sink and mixer-tap installations
- Bathroom fixture replacement and plumbing connections
- Kitchen plumbing connections and maintenance

PAINTING & PROPERTY MAINTENANCE

- Interior and exterior painting
- Surface preparation and finishing
- Minor building repairs and general property upkeep
- Roof leak repairs and basic roofing maintenance, subject to assessment

CONVEYOR-BELT RELATED SUPPORT

- Conveyor-belt operation support based on the team’s stated operator experience and certificate
- Specific industrial work is subject to client scope, site induction, competency verification and required safety approvals

Note: Gas appliance installation, gas work, electrical work and regulated specialist activities must be performed only by appropriately qualified and authorised persons. PT Royal Projects Holdings will only undertake work within its verified competencies and applicable legal requirements.
