TRUE NORTH

CONSTRUCTION AND PROJECTS

COMPANY CAPABILITY STATEMENT

Building a Better Tomorrow Together

COMPANY OVERVIEW

TRUE NORTH CONSTRUCTION AND PROJECTS is a South African construction and projects business providing building-related services, property improvements and general construction support. The company aims to deliver practical, well-coordinated work with a focus on workmanship, clear communication, safety awareness and dependable service.

Registered business name	TRUE NORTH CONSTRUCTION AND PROJECTS
Registration number	2026 / 870823 / 07
Primary service area	Lenasia, Thembelihle and surrounding areas
Travel availability	Projects outside the primary area may be considered where transport is arranged.
Telephone	075 280 88 36
Email	truenorthconstructionandprojec@gmail.com

CORE CAPABILITIES

Building construction	Construction support for building projects, subject to project scope, specifications and resourcing.
Renovations and repairs	Property upgrades, refurbishment work and repair projects.
Building extensions	Extensions and additions to existing buildings, subject to plans, approvals and technical requirements where applicable.
Tiling and plastering	Internal and external tiling, plastering and related finishing work.
Painting	Interior and exterior painting and surface finishing.
Maintenance and general works	General building maintenance, minor construction work and property improvement tasks.
Project coordination	Coordination of work activities, trades and project requirements to support orderly delivery.

HOW WE APPROACH PROJECTS

Each enquiry is considered according to the client's needs, site conditions, scope of work, timeframes and available resources. Before work begins, the company aims to clarify the work required, agree on the scope and pricing, identify materials and access requirements, and communicate any changes that may affect cost or completion time.

Understand the brief

Discuss the client's requirements and inspect or review the site information provided.

Define the scope

Confirm the tasks, expected finish, materials and any project-specific requirements.

Plan and coordinate

Organise the work sequence and suitable resources for the agreed scope.

Deliver and communicate

Keep the client informed and address variations or issues through clear communication.

Review completion

Walk through the completed work with the client and record any agreed outstanding items.

OUR COMMITMENT

The company is committed to professional conduct, honest communication, respect for clients and their properties, attention to workmanship, and a responsible approach to site safety. The specific work method, resources and programme are confirmed for each project before commencement.

CLIENTS AND PROJECTS

TRUE NORTH CONSTRUCTION AND PROJECTS welcomes enquiries from homeowners, landlords, property managers, businesses, contractors and organisations seeking construction, renovation, repair or maintenance services. Project opportunities are assessed individually to confirm that the scope and requirements can be met.

SERVICE AREA

Primary focus: Lenasia, Thembelihle and surrounding communities.
Additional locations: The company is willing to consider work elsewhere where suitable transport arrangements are made and the project requirements are practical.
